BEAUTIFUL 183 M2 APARTMENT WITH TWO LOGGIAS IN CHAMPEL

CH-1206 Genève | Champel | **CHF 2,750,000.-**

Located in the heart of the highly sought-after Champel district, in a prestigious building, this superb 7-room corner apartment of 183 m² GFA is a real gem, with its generous volumes, its brightness and its privileged location. It is very close to all amenities, public transport, 5 minutes on foot from Bertrand Park and only 2 minutes from the Champel CEVA train station.

Thanks to its current typology, this property still offers the possibility of creating a fourth bedroom, as originally planned. Fully habitable as it is, the apartment could however be subject to modernization works in order to be fitted out according to your tastes and desires.

The apartment has two independent entrances, offering great flexibility of use.

Through the main entrance, you will discover a large hall leading to a superb living room of about 60 m², combining a living room and a dining room, with access to a first loggia. This space is extended by a living room of about 15 m², currently open, but which could easily become a fourth bedroom.

The night area consists of a corridor with many built-in storage units, two bedrooms, one of which has an en-suite bathroom, as well as a second bathroom. The bedrooms have large wall cupboards, and one of them has direct access to a 11 m² loggia, ideal for enjoying the outdoors in complete peace and quiet.

The service entrance leads to a second corridor with storage units, an additional bedroom with en-suite bathroom, a closed and fully equipped kitchen, giving
